

# BUSINESS RESETTLEMENT TALK

## OPENED Rundquist Outlines Policy Of Committee, WRA Office

Three pairs of shoes per day per block will be repaired by the shoe repair shop which opened today at ES hall 42.

Worked out by the block managers in cooperation with the local co-op, the plan will be used temporarily as the best means to avoid the initial rush and ensuing confusion.

A shoe repair tag will be issued by the block manager to three members of his block every day except Sunday. Shoes to be repaired must have the tag. The applicant's full name and address will be on one side of the tag and the block manager's signature will be on the other side.

The repair shop will be open from 8:30 a.m. to 3:30 p.m. daily. Shoes will be ready after 24 hours.

Contrary to the information released in the last issue of the OUTPOST, only coupons will be accepted.

George E. Rundquist, executive secretary for the Committee on Resettlement of Japanese-Americans, addressed a crowd of Center residents Monday night at Mess hall 16 on the possibilities of outside employment. This was his first stop on the tour of all relocation centers.

Rundquist outlined the purpose of the committee in conjunction with the various governmental agencies as (1) to find outside employment at standard wages; (2) obtain proper housing for the workers; (3) make certain that the community will accept Japanese; (4) contact unions to see that they will accept evacuees and (5) see that there will be no conflict with other racial minorities.

## DIRECTOR MAY NOW ISSUE LEAVE

According to Project Director Ray D. Johnston, indefinite leaves may be issued by the Project head if a definite job is offered through the WRA employment office, and the applicant already has the leave clearance from Washington.

Such a procedure would eliminate the time spent in submitting the application to Washington and the return to the Center after certification.

"The people in the East were leery about taking in Japanese for the simple reason that they didn't know you," said Rundquist. "I am sure that once they get to know you, they will like

## RESIDENTS MAY LEAVE IN GROUPS

Group leaves are now issued to groups departing for work on employment whose contract has been approved by the field relocation supervisor. These leaves will be granted without the clearance from Washington.

The group leave was intended primarily for farm laborers but others are also included in this category.

## CENTER MEMBERSHIP DRIVE NETS \$1488.59

According to incomplete tabulations as of Monday, the Rohwer Red Cross membership drive has raised \$1488.69 in the blocks only. The drive will end Saturday at 5:30 p.m.; however, membership will be open to late enrollees.

No reports have been made to date for Blocks 6, 23, 33, 34, 38 and 39. Results from the Caucasian personnel, whose contribution has been set as their one-day's pay, will also be released later.

Merrill Ziegler and Sadao Uyematsu were chosen temporary chairmen of the Home Service committee to get full information on sending messages to Japan.

## COURSES TO OPEN

Dr. Nat R. Griswold, director of night school, announced today plans for the new quarter. A number of groups will be continued; such as, English for adults, American institutions, elementary shorthand, creative writing, woodcarving, sewing.

In all of these, however, there will be re-enrollment of the present students and also an opportunity for new enrollees to join.

Some classes have a longer term and will continue, such as, college algebra and geology.

Several new courses will be offered; among them political science, US government, trigonometry, physics, shorthand speed-drill and business English, bookkeeping, drawing, "Personality Factors," "Family Life," "The Education of Preschool Children," and "Organization Leadership."

"In order to achieve a normal, useful life," he said, "these four wishes must be fulfilled."

## MACHINERY LIST STILL WANTED

Residents who own farms, automotive and truck equipment in storage are again urged to bring in the list to the Transportation and Supply office.

It has been found that a very considerable quantity of equipment has been placed in storage by evacuees pending the time that they would be able to use them again.

At present the market for used machinery is favorable, and stored equipment is subject to steady depreciation.

The demand for machinery by the public and the government may necessitate the requisitioning of all idle tractors, trucks and automobiles in the nation.

If the residents desire to sell, the WRA will aid in every way to obtain the best available price.

## EDITORIAL

## COMMITTEE ON FAIR PLAY

In San Francisco, a group of prominent citizens recently organized the Committee on American Principles and Fair Play with its fundamental purpose of supporting the principles enunciated in the Constitution of the United States and of maintaining to that end, unimpaired, the liberties guaranteed in the Bill of Rights.

With President Robert Gordon Sproul of the University of California as its honorary chairman, the Committee's officers and members include Maurice E. Harrison, Dr. Arthur Cushman McGiffert, Rabbi Irving E. Reichert, Dr. Paul S. Taylor, Galen M. Fisher, Alfred J. Lundberg, General David Prescott Barrows, Tully C. Knoles, Chester H. Rowell, Allen C. Plaisdel and others.

Basing its stand on four pertinent beliefs, the Committee sent each of the members of the California legislature the following open letter:

March 15, 1943

Capitol Building  
Sacramento, California

Your initial acts as a legislator have indicated to the people of this State that you regard this session as extraordinary. The standards which guide your decisions and by which your decisions will be measured, are set above those of ordinary times. We note with satisfaction the evidences that you appreciate this state of affairs.

Recognizing that in times of acute stress people are led easily into the advocacy of extreme and even dangerous measures which in calmer days would find little support, and that safeguards must be taken, we have formed this Committee on American Principles and Fair Play. Our purpose is to support the principles enunciated in the Constitution, and to that end to maintain unimpaired the liberties guaranteed in the Bill of Rights. As a West Coast body the Committee recognizes its distinctive obligation, for the protection of all of us, to defend the liberties of law-abiding persons of Oriental ancestry. Against the background of our nation at war we believe that public impulses resulting from inflamed passions hastily crystallized into ill-considered legislation prior to the peace to be established with the peoples of the Orient, are to be distrusted, and that any proposals for such legislation should be carefully examined.

We are prepared to assist you in your manifest intention, as a legislator, to act not in terms of partisanship, but on the level of statesmanship which this crisis of our nation and of the entire world requires.

Sincerely yours,  
Maurice E. Harrison, Chairman  
Arthur Cushman McGiffert, Executive  
Chairman

Furthermore, "similar groups of citizens opposed to discriminatory legislation against the Americans of Japanese ancestry are forming in many communities in Central and Southern California, as well as in Oregon and Washington, and hope to be of assistance to the government in maintaining in the public mind a clear and farsighted view which will prove a constructive force in post-war reconstruction."

# BOJANGLES TRIUMPH

## TOSH IHARA PACES WITH 17 POINTS

The Los Angeles Bojangles, paced by smiling pivot man Tosh Ihara, eliminated their cross-town quintet, the Royal Dukes, from the National league championship race with a decisive 44-20 win Sunday at the high school field.

Lanky Ihara, former UCLA frosh hoop artist, rattled the ring for 8 field goals and a gift shot for high scoring honor.

Still suffering from the slump that hit them since the Stockton Cardinals' battle, the Royal Dukes were no match for the red-hot Bojangles, who won walking away. Tets Sumida broke the ice in the opening minute with a free throw to put the Dukes a-

## Hiro Kayasuga Hits 30 Pts., Ties Record

Previous highest scoring per game team record was shattered and the top individual tallying was repeated again as the A-Jays rampaged over the mild Vandals to the tune of 71-52.

In surpassing the former 62-point high set by the Bojangles, dead-eye Hiro Kayasuga swished 30 digits to equal his teammate Tak Kawagoe's high point standing.

## STOCKTON GAELS WHIP SMITHS

The loop-leading Gaels romped through the defenseless Mr. Smiths by a wide margin in a 62-21 hoop skirmish.

Engaged in the last cinch contest before meeting stiffer opposition in coming tilts, the Gaels scored frequently with Teruo Hirose sparking the squad with 20 points. Kiyo Shimasaki and Sadao Baishiki followed with 14 apiece. The youthful Mr. Smiths mustered some competition occasionally but never displayed threatening offensive power.

## Attention: Softball Mgrs.

All softball teams desiring to use diamonds must reserve them at PS hall 27, stated Shiro Mizufuka, softball commissioner.

Southpaw Kayasuga, the one-half of the Mirror Twins in action at present, as Tak Kawagoe is recovering from a leg injury, impressively tanked the hoop with uncanny accuracy from set-ups and left-handed distance push-shots.

Kayasuga's brother, Kay, almost performed a "brother act" feat by trailing closely with 18 points to his credit.

Hank Tomoda paced the Vandals' effort with 12 points.--Thomas Nakamura.

In a lethargic basketball game the Lodi Golden Avalanches handily dumped the Block 28 Green Horns, 51-18, Sunday at the high school field.

Hitting the hoop for 16 points, 10 in the last quarter, lefty George Kagawa walked off with high scoring honor.

The half-time score stood 21-10 in Lodi's favor.

## HAWTHORNE VS UPSET CARDS 23 TO 22

Anything can, and usually does happen, when the Cards take the floor.

After meekly taking it in the neck for three straight games, they suddenly woke up, and pulled the surprise upset of the season when they handed the Royal Dukes their first setback in Arkansas.

Last week-end the Cards figured in another upset. But this time they were on the receiving end. The Hawthornes, who have never hit the win column all season, got hot over the week-end and eked out two wins, one over the Cards, 23-22, and the other over the Smiths, 38-35.

The Hawthorne-Cards fracas was close all the way. The Hawthornes barely managed to keep a half a step ahead as the Cards matched buckets up to the bitter end. Scoring honors were shared by Asaka Tamura, Sanji Fukuyama and Dick Fujii with 8 points each.

The Hawthornes started out fast in their encounter with the Smiths and piled up 24 points in the first half to the Smiths' 6.

The second half was played on more even terms as the high school boys began hitting the bucket with a little consistency--so much so that they forged ahead of the Hawthornes for awhile in the last quarter, but all in vain as their precious lead was torn from their hands while they went down fighting.
